Customer Reviews

I'm not a big camper, but I love cooking with cast iron. "Cabin Cooking" is perfect in that regard, as it has recipes for cooking outdoors or indoors with many recipes giving you the variations of how to cook it either indoors or out. There is a lovely variety of recipes with everything from fish, to wild game and even desserts! I started with the simple Gobbler Omelet. It's an easy recipe to use up some of that leftover turkey (or you could use chicken as well) for a quick, delicious breakfast. A little while ago, I finally bought a cast iron tortilla press. I've made my own flour tortillas before, rolling them out by hand, but I wanted to try corn tortillas and had been warned that I really needed a press to do that. This book gave me a great opportunity to make them. The corn tortilla recipe is extremely simple to make, and they turned out perfectly!! How nice to be able to make my own corn tortillas now! There is so much more in this book. Pan Turkey and Stuffing, Garlic Salmon, Bread on a Stick, Deer Camp Stew, Baked Apples and so much more fill the pages of this delightful cookbook. Pull out your cast iron or give in a finally invest in some

cast iron!Ã¢ÂÂand give these recipes a try! I received a copy of this book from Storey Publishing for my honest review. All thoughts and opinions are my own.

This book was received as reported, in excellent condition. I have pulled out several recipes and served many dinners. All guest had raves about the Book as well as the suppers provided.

I couldnt get into the book. And started to read something else. I thought I would be appealing going back in time, but not what I thought it would be.
