I have a 5.5 year old who is just beginning to read. She loves lizards and this book is simple enough for her to read some of it with me. It's a cute story about a little boy who wants to take care of his class pet lizard. He has visions that he is going to be able to do all these fun things with it (take it on bike rides, go swimming with it), but his mom makes him realize it's hard work taking care of a pet. Good little story since my girls have been begging me for a pet.

My almost 4 year old son just loves this book about Lily the Leopard Gecko. It has quickly become one of his night time favorites. It is a wonderfully written and illustrated book, which introduces the level of responsibility it takes to care for a pet/animal. I highly recommend this book, If you have a young child who loves animals.

Really cute book! I got the hard book and it's very nice quality! The pages are thin and there are a lot of them with very cute pictures of the leopard gecko! My daughter is 4 and we've had a leopard gecko for a while and I decided to bring it to her preschool and I wanted to read the kids a book about leopard geckos before showing her to the class! This book was great!

Lily the Leopard Gecko is a story that children can relate to and learn from. It demonstrates responsibility, and overall a fun and educational read. Cute story and beautiful illustrations. Highly recommended. Enjoy!

An amazing short story, about the most adorable and innocent little boy named JD. Very fun, and yet educational at the same time. The story is very uplifting, light, funny, and adventurous! I guarantee that you will fall in love with JD and Lily before you turn the last page! :)

Enjoyed the story very much. Teaches children what is required to take care of a pet. Also enjoyed the illustrations. Lot of personality in the character. I tell all I know about it.
