Fantastic set of patterns! I have returned to this book countless times in the short time I've had it. I wish there were more of them. I've loved Jan Eaton pattern books since discovering them at the library, and there are several of them that I plan on purchasing in the near future.

Received this as a gift when I first started cross stitching and still love it. The patterns are great for beginners- relatively small and pretty simple. The back includes a few different alphabet fonts, including a half-stitch one, which was quick and easy. Perfect for making small personalized gifts.

Many super patterns, many adaptable to needlepoint as well. A must for people who like to create their own projects rather than a kit.

Great book, very pleased its mine.

I like it easy to stitch after
