Just had the tastiest chicken strips, courtesy of a recipe from this wonderfully helpful book. I have had my Griddler for a couple of years, and I must say, I have been wasting it. This book details many tasty recipes and methods for cooking so much more than just Panini. If you own a Griddler, you must own this book!

I love my Cuisinart griddler. Love it. And I love this cookbook. Tons of recipes, and they're all really good and really easy of course. I tend to get pretty boring with cooking the same stuff over and over again but this griddler cookbook has REALLY helped! So much good stuff in here. Highly recommend.

I really enjoyed using this book to make some easy to use recipes. Right from the beginning this recipe book tells you not only how to take care of your griddle, but what NOT to cook on it too. You usually don't get that. The lists of organic foods to look out for were also a nice bonus. Directions were easy to follow and straight to the point. It does a good job of breaking down each recipe into easy to eat tidbits. One of the parts I enjoyed the most was trying out the grilled cheese recipes. I never knew there were so many variations. It certainly made my grilled cheese sandwich making adventures more interesting, and tasty to boot. ;p

This is an incredible book. I have had a griddler for awhile now and it is kind of embarrassing because after reading this book I have realized I really have not been using it correctly at all. I have learned so much. I highly recommend.

I bought an indoor grill in college because we couldn't barbecue in our dorms. I wish I had this cookbook back then, but there are a lot of great recipes in here. I am a huge carnivore, so I didn't think I'd like the veggie recipes, but I was wrong. The easy spreads guide is fantastic!

Easy to follow, and great for ideas. Thanks to this cookbook, I'm actually able to make more than fancy cheeses. I'm learning to love this Cuisinart Griddler, which is great, because I hate things that take up space and have no use. Thanks for the great book!

Great collection of delicious recipes! Just had the tastiest Chicken Panini, thanks to this awesome recipe book. I am not a professional cook, so I really appreciate books like this that have clear and easy to follow directions. Such quality recipes, so much good stuff in here. I'm starting to love my Cuisinart Griddler even more because of this book!

Would've liked more "common" grill recipes and not the recipes that don't use the grill. Over all, though, it expands the usage for trying the grill in more ways. The Sweet Potato wedges were great.
