ISBN-10: 0984167404

ISBN-13: 978-0984167401

Product Dimensions: 0.2 x 5 x 4.5 inches

Shipping Weight: 2.4 ounces

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (16 customer reviews)

Best Sellers Rank: #152,964 in Books (See Top 100 in Books) #5 in [Books > Cookbooks, Food & Wine > Regional & International > U.S. Regional > Hawaii](#) #114 in [Books > Cookbooks, Food & Wine > Cooking by Ingredient > Meat & Game > Meats](#)

Customer Reviews

Upon first look at this dandy little cookbook, many memories came flooding back to me. Every year, on a warm Sunday afternoon in August, my extended family would come together to watch the town's annual parade. As the side streets filled up with floats and marching bands, my aunt would cover the picnic table under the shade tree in the front yard and bring out garden fresh vegetables, a couple pans of bars, and "direct from the oven" SPAM Victory Buns. Those hot, melted, yummy sandwiches were what we all waited for. Our summertime treat! A NEW favorite is the SPAM Stuffed Squash. What a delight to take what usually is a bland acorn squash and transform it into this wonderful combination of flavors and textures...including walnuts. Now, with this recipe, I can't wait until the end-of-the-summer motherload of squash to peek out from the garden vines. I always keep a few of these books on hand for birthday treats and special surprises for friends and co-workers. And, did you know that you can re-use the empty can? It's perfect for cutting out "Aunt Sally Cookies"...remember them?

...with the emphasis on the "LITTLE". It's about 4 x 4", a third of an inch thick and comes in at 84

mostly white-space pages. That's small. That's disappointing especially for 7.95. Then there is the added disappointment in the quality of the recipes. Don't get me wrong. I love spam and know it's not gourmet quality cuisine. But a recipe for a spamburger? Every three year old in the country knows that one. Stick a slab of spam in a bun and add condiments. Or how to add spam to scalloped potatoes, mac and cheese, meatloaf, or fried rice? I love cookbooks. I collect and read them for fun. There just isn't enough to this one to add it to my collection.

It's a small book however it's full of fun and creative. The recipes are surprisingly good. I loved it, good buy.

This original cookbook has the most interesting combination of SPAM history and innovative recipes from around the country. Each section of the USA is represented in the front of each chapter as a part of a cute illustrated pig and the regional recipes are spot-on. It's cool the author included home and professional chefs as contributors and the recipes are easy to prepare in home kitchens. A great gift idea - especially as stocking stuffers.

SPAM Potstickers.....who would have thought! I love love love potstickers and these were yummy! I have to say they were pretty simple to make. I am thinking the Fancy SPAM Musubi is next. What a fun cookbook.

Got this as joke for my son when he went camping with the boyscouts . But the joke was on me as he actually cooked some of the recipes. He said Spam is perfect for camping. Who knew?

it was a Christmas gift for my stepson because he likes to cook spam all the time and he really did like it he said it even tells you the history of spam. it's a small book a great stocking stuffer

I purchased this to include in a gift, but the spine is already cracked and the cover is worn. It looks like a used book! No happy and cannot give this as a present.
