Customer Reviews

I've had this recipe book for years and it is totally beat up because it is by far my favorite!!! I had to buy more copies so that my daughters could have their own. These are seriously good recipes that will become family favorites! Some of the ones I use all the time are: Stuffed Green Peppers, Batter Buns, Onion Bread, Soup Bowls, Oriental Cabbage Slaw, Brownies, Oatmeal cookies. Buy this book. Use this book. You, and everyone that eats with you, will love it!!

This is my favorite recipe book ever. It has very basic recipes to a little fancy and special occasion type foods. The roll recipe I use as a basic for every type of rolls sweat or savory. They are real ingredients not packaged ingredients like a cake mix or a can of that. The book is well organized. The soups, salads, and desserts are especially great. The crepe recipe is completely non fail. I like this book so well it is my standard and I write in any of my other recipe in the book that I ever use. The book is sturdy however the reason I had ordered this book is because my old one fell apart and

so I have had to go through and rewrite all my other recipes in the new book. The cover is sturdy and cleans well if some ingredient gets on it. I haven't found one recipe we haven't enjoyed.

This is a great book for a cooking library. It has a wide variety of recipes from fancy to just plain good. Everything I have tried has turned out great! Even in an age of free Internet recipes, I am glad to have this book.

I got this for a Christmas present for my sister who is LDS and she loved it. I got a copy for myself and loved it too. Great recipes for Christmas and wintertime too.

at this time of the season it gives you many ideas as to what you might be interested in preparing for this time of the season.

I love this cookbook and lost the one I had so bought this one to replace it. Happy with your service.

I LOVE this recipe book! It was in 'like-new' condition!

It is great. I really enjoy the whole book
