Customer Reviews

this is another great book from the gooseberry cookbook line. i get these for the wife and she immediatly reads through them. she writes down which recipe and/or craft she wants to do. she just loves gooseberry

Wonderful cookbook by a great company & it's filled with recipes along with many other ideas for celebrating the Christmas holiday season. I have several of the Gooseberry Patch cookbooks & they are always full of many recipes & other information. I LOVE them.

I bought this book very inexpensively, so I am not disappointed. However, if I had paid the full price of \$24.95, I might have been a bit let down. The only real color illustrations are at the chapter divisions, but they are full page, full color watercolors and are absolutely gorgeous. The book contains many memories, recipes, and craft ideas, with many to a page. The pages are an old-fashioned looking off-white and are decorated with line drawings of the various foods, crafts, etc. If you already own most of the earlier Gooseberry Patch Christmas cookbooks, then you probably have already seen most of the recipes and crafts in this one. It is fun, though, to have this book in my collection and I will plan on getting it out every Christmas time!

Good recipes from other cooks using ingredients found in most kitchens. Even the illustrations and print are cute and easy to read.

Great book, but I will most likely say that about any of Gooseberry Patch books. They have that down home feel about them.
