Customer Reviews

This is another excellent selection from Lerner's cookbook collection for children, but not limited to them. I cook from this series all the time! Anyone will find the directions, ingredients, and cultural descriptions educational and easy to follow. We really loved the zucchini fritters! I agree with the previous reviewer that \$25 is too much for this book; buy it used and enjoy! There are not a lot of recipes, but you can get a taste for Turkish cuisine, which is much like other Middle Eastern and Greek specialties, and move on to more difficult cookbooks when/if you are ready!

It is a very pretty book but small... thin. The cost indicated otherwise. It was \$25. for a very thin cookbook. In my eyes, not worth the money. I found one on sale that had many more pages at Borders for \$5.00. If it was not such a hassle, I would have sent yours back.
