Maggie Lane's Needlepoint Pillows.

Synopsis

Maggie Lane's striking original designs are based on Chinese motifs derived from paintings, porcelains, rugs, and other textiles. In this book we reproduce a dozen of her favorite pillows selected from her first two books, NEEDLEPOINT BY DESIGN and MORE NEEDLEPOINT BY DESIGN. These have been chosen to make effective pairs, if desired, and are of various shapes- square, oblong, circular, and octagonal. All are fully graphed, with suggested color combinations, and directions are given for finishing. A thirteenth pillow- reproduced on the cover- has never been published before. It is a fascinating combination of abstract motifs which can be adapted to various uses, such as all-over designs or backgrounds on large pieces, or for small objects such as coasters, pincushions, eyeglass cases, etc.

Customer Reviews

A fine book of designs but you have to supply your own color on the charts. Any book by Maggie Lane is worth owning but this is surely one of her lesser books. Many of the designs have appeared in other books but there is one new one, featured on the cover, that is worth the price of admission.

Fair - nothing more to say. If you have "Needlepoint by Design" you do not need this book - virtually the same.

just looking at needlepoint books is soothing and also non-- fattening. i have never understood folks who look at cookbooks for pleasure; but i have been stitching for 40 years and i love it.

Excellent book in great shape. So glad t
