Best Sellers Rank: #122,685 in Books (See Top 100 in Books) #17 inÂ  Books > Crafts, Hobbies & Home > Pets & Animal Care > Cats > Breeds

## **Customer Reviews**

If you're looking for a book to read information about the Sphynx cat, well you'll have to look elsewhere. But - if you want a book filled with gorgeous, silly, creative, beautiful, funny, adorable, sweet, precious, or simply breathtaking photography of Sphynx cats - well, look no further! Those of us who share a sphynx obsession will delight in viewing these pages for many years to come. It was a huge bonus for me to see the write-up about HCM just inside the book, and to know that a portion of the sale was going directly to HCM research, as I lost a beloved Sphynx to that hideous disease. The part about HCM had me in tears. This book would make a great gift to a sphynx lover!

Loved "THE NUDES" what a great pictorial of a very special breed. Each page brought laughter and a smile to my face. Exceptionally well done book. Five stars to the author.

I bought this as a present for a friend who loves these cats. The book is good quality paper and printing, but the pictures aren't amazing. They are just images collected from the internet reprinted, and mostly not professional. Still, if you or someone you know likes these strange kitties, it's a decent collection of photos, some very funny.

This book is a must for Sphynx cat lovers. Beautiful pictures from start to finish. It really gives you an insight into how wonderful this breed is and how fun loving they really are. Lovely that the author

Chanel Bevell is donating part of the proceeds from this book to HCM research, a fatal disease that haunts the Sphynx breed. This book now takes pride of place on my bookshelf.

I received a copy with 2 defective printed pages. These 2 pages have both text and photos imposed over each other like 2 separate pages were printed on 1 piece of paper. I wanted to love this book but am returning it due to poor printing quality control.

As someone who has two sphynx kitties, this book is really a celebration of the breed. It really captures their beauty, personality and then some! For many that have a misconception about this cat breed, know that they are some of the most engaged, loving and funny cats I've ever encountered. They follow you around, wait at the door.... for anyone that has them or likes them - THIS IS A MUST!

I bought this book shortly after it first came out last year, and shortly after I was blessed with my first sphynx, who forever changed my life! Whether you love cats, the sphynx breed, or any breed of animal, this book is for you! It's not only a great book to browse, but a wonderful piece of art to display in your home, which will inevitably become a conversation piece! I know mine is! Thanks, Chanel, for an awesome book. Shhhh....rumor has it that a second one is in the works...keep your eyes out!

I received this as a Christmas Gift this past year. I love this book. I am a person owned by a sphynx and love every minute of it. This book shows them at their very best. The author has captured the antics of this special breed perfectly.
