Customer Reviews

Since I was a little kid brought up near Boston, I early learned to trust everything with the L.L. Bean name on it. (Leon Bean was a friend of my father.) This book has many of the recipes I remember fondly, from Down Maine to Cape Cod.

ordered this book not knowing how big or small it was, and what condition it would be in!! it arrived rather quickly, the book is really quite thick, and soo many great recipes! extremely satisfied with all aspects of the process!

I love this cookbook - it's got some recipes that are well-known favorites, like roast turkey, and some that are relatively unknown, like Bitki. The cookie section and pie section are both great. I also really like the little editorials on how different recipes and foods relate to New England history, populations, and food choice.

The book has lots of good recipes and easy to follow. Has a full range of foods from sea food to the barn yard.

I bought this as a Christmas book for our daughter. I have it, and use it all the time. Love it!
