What an amazing book, combining the wonderful world of alkalinization and Juicing. Who needs medicine when you have the fruits and vegetables that the earth provides for you. I'm so grateful for my online friend who suggested this informational book to me. I can't wait to get home, get out my juicer and try out some of the many recipes that Marta has laid out before us. It breaks down the ingredients to the tee and is the perfect book for someone that is looking to have a healthier happier life. I would highly recommend for someone to check this book out!

For those of you spending a lot of money at McDonalds or at the Kangaroo gas mart on coffee like I do, you need to read this book! In the words of the author, "Juice is the best natural coffee." I am in the process of losing weight and I am thankful to have this book as a guideline. Let Marta explain to you how juicing can change YOUR life! Great book!

I learned what an alkaline diet means and why should we strive to consume alkaline foods. In this case, the alkaline juices are good for us and the book provides quite a few recipes that seem easy enough to make. The key, as the author explained is not to juice certain fruits, as they are loaded with sugar. But we can truly get a good nutritional diet by following the recipes here.

Alkaline juices has healing power. It can relieve us from aches, pains, excess weight, and stiffness very easily and make you feel refreshed and energetic. Alkaline juicing is very useful for people like who are burdened with work load and don't have enough time to take care of health. We can prepare colorful and energizing Alkaline quickly. Author has provided detailed information about benefits of Alkaline juicing. Her recipes are really delicious and tasty.
