# Sarabeth's Good Morning Cookbook: Breakfast, Brunch, And Baking

## Synopsis

Legendary New York City baker and restaurateur Sarabeth Levine shares her most beloved breakfast and brunch recipes. The only thing better than brunch at one of Sarabeth's restaurants is brunch in her home. In this must-have collection of more than 130 classic morning recipes, Sarabeth delivers the comforting dishes she makes for family and friends, from fluffy scrambled eggs to warm sticky buns. Over thirty-five years ago, she launched her first restaurant's wildly popular weekend brunch. Today, morning lines still snake around the block at her New York City locations, as well as at her Florida and Japan outposts. Her fans will be thrilled to re-create the warmth and joy of brunch at Sarabeth's with recipes designed for home cooks. A comprehensive guide to morning meals, this beautifully photographed book covers the dishes everyone desires. Sarabeth's signature pancakes and muffins are quick enough for weekdays, while her quiches and coffee cakes are guaranteed to impress weekend guests. In addition to her sophisticated twists on the standards, Sarabeth surprises with such innovative breakfast treats as morning cookies. The foolproof recipes come with technique tips and make-ahead instructions to make entertaining effortless.

## Customer Reviews

I am a chef and cookbook author. So I don't often purchase cookbooks. But this book is a keeper. The recipes are so enticing, and Sarabeth's voice can be heard throughout. It's as if she is over your shoulder in the kitchen, graciously directing you to make her culinary delights. The selection of

recipes is extensive - this is a large book! The photography is so beautiful. Finally Rizzoli makes a beautiful book, bringing all of these experts together in a single work. The chapter on her preserves is worth the cost of the book alone (no one makes jam like Sarabeth!) From simple ideas (cook your oats in a double boiler) to her ethereal blintzes, there is something here for every taste and skill. This book is a treasure. Buy it before the price goes up - but even at full price, it is well worth every cent.

I ask you, baker, cook, balaboosta : Could you go, another day without running into the kitchen to make Sarabeth's sinful array of pancakes or flapjacks ? I didn't think so. Me, either. I didn't. Yes, they turned out perfectly, as her mother in law Hungarian recipes said they would. Sarabeth won't leave you in a lurch or let you down. Even the gazpacho like Bloody Mary recipe is a treat and a half. So buy this book already. No need to thank me - thank Sarabeth.

I am thoroughly in love with this book. I own and run a bed and breakfast and there is not one recipe I've tried that my guests don't leave breakfast raving about. If I could give it 10 stars I would!

A wonderful cookbook in every way. Beautiful, well written and has some great ideas that I'd not found elsewhere.

I also have her earlier cookbook, and I worried that there might be overlap between this cookbook and that one, but there isn't. The other one was strictly about baking, while this one covers a little baking, but also jams, omelets, quiche, waffles, pancakes, and breakfast-y beverages. Buy this book for the english muffin recipe, (then make the english muffins). Everyone who tastes them will be grateful. Although, I tested cooking them three different ways, and they're definitely best cooked like a traditional english muffin (on a buttered, semolina'd skillet for about 6 minutes on each side). Sarabeth's entremet ring method is expensive (you have to buy the rings) and the end product is not as good. I've eaten at Sarabeth's a few times, and each time I've ordered her lemon ricotta pancakes because they are amazing (usually - there was an off day). Happily, this cookbook also includes that recipe, so I can successfully recreate her clouds of deliciousness at home.

Simply a beautiful book with well written clear instructions. I plan to work my way through this book one recipe at a time!

Love Sarabeth and love the recipes. The basic pancake mix is the BEST. Family loves it. You cannot go wrong with any recipe.

My daughter in law loved this gift. My son gave me the hint and she was thrilled. She's a great cook so I know she did her homework.
