Customer Reviews

The Wok Cookbook for Beginners was the perfect choice. This book offers some general wok cooking tips and the recipes are easy and can be easily understood by beginners like me and yet it explicitly tastes like your typical Chinese food. Thank you though for the new idea this book gave me!

I never tried the wok before, but being inspired with this recipe book I got it within the week. Since then my journey of getting new amazing dishes has started. The book gives all essential details on what we need to know while using the wok at home for cooking. All tips are simple but really helpful, the bunch of recipes seems to be a special one to enjoy the best out of cooking with it. We started with chicken recipes as it is our favorite, but for sure will try all of them slowly. Thanks a lot, the perfect wok cookbook, recommended!

This is more like a deluxe pamphlet you would get when you buy a wok. I bought it as a gift but too embarrassed to give it. Will purchase something else. I paged through it, seems elementary enough but has no pictures.
