Porches And Sunrooms: Planning And Remodeling Ideas (Home Improvement)

Synopsis

Porches and Sunrooms is the perfect reference tool for homeowners who are considering adding or renovating a porch, sunroom, or conservatory. Topics include planning and designing the "outdoor room" to bridge the indoors and outdoors, basic information on the room's structure, and details on what a homeowner should know to add it to the house. Readers will see real-life examples in hundreds of beautiful, full-color photographs, discovering what a difference a porch can make to the outside of their home, or a sunroom to their indoor lifestyle.

Customer Reviews

This book is one of those paper-back types that you see in the big hardware store chains. However, it is bigger than most. It has lots of good pictures of those cool looking rooms and porches that you wish you could have. This book makes you think, "Hey, I could do that with my house!"

I'm in the process of designing a three season porch for our house. I expected this book to provide Ideas and it mainly discusses best practices for proper structure etc. The book also claims over 400 pictures and I didn't count, but it's not even close and that's what I wanted more than what type of footings for each type room.

I was accused by someone yesterday of not leaving positive reviews - and - since they were right, I went in to my books to pull out the truly spectacular books that did not make me mad (so I did not leave a review). Sorry, I tend to leave reviews only when my blood boils. This book is spectacular and I recommend it highly to anyone. I look at the book and I see all kinds of papers sticking out to mark the pages I find most important. The book looks like a porcupine.

Great ideas on sunrooms and porches...gave us a lot of ideas on our add on...which is almost complete...Thanks for the great ideas!

For a long time, we have been discussing at home several ideas to improve our "socializing" space in the house. Our house is nice but we really need a specific space to relax and read, and meet with friends, talk with each other, or just ... frankly, take a peaceful quiet nap! This book gave us lots of ideas, which by the way are doable and not that expensive that will go to the list of "we wish we could" that is getting longer and longer every time. If you need fresh ideas, this is definitely the book to get and go over and over again... after a few months... Loved it!

Lots of great ideas. I like reading it as a "wish book" and probably will never get around to adding on.
