## Customer Reviews

This book is short in length, but HUGE in fun and flavor! I can't remember the last time I had such FUN recipe testing a book for my "Cookbook Corner"! I'm highly HIGHLY recommending this to everyone who loves to bake. And don't let "dump cakes" scare you away - it's great! Trust me! Let's start with QVC and "In the Kitchen with David".

That's where I first discovered this book and my interest quickly peaked when I seen David take a bite of the "Peanut Butter Cup Dump Cake" and did his famous "happy dance". I had to learn more. And can we talk about Roxanne and Kathy? They're so cute! As soon as I got the book I flipped over it, and knew that I would love it. For those of you who are wondering about a cookbook using cake mixes to make "dump cakes" just admit it already "you use them" and you love them. But "if you really would rather NOT use a cake mix, Roxanne and Kathy have recipes to make your own homemade "cake mix". The recipes in this book are fun, festive, versatile and delicious! So many different flavor combinations are profiled in this book "from cakes with blueberries, lemon, chocolate, peanut butter, orange, cherry, strawberry, and on and on. The photos are fabulous, the recipes foolproof and delicious, and one of my FAVORITE recipes? The "Peanut Butter Cup Dump Cake" on page 81. When you get this book "TRY IT FIRST!

Authors Kathy Moore and Roxanne Wyss are home economists with an excellent track record of food newspaper articles, cookbooks, experts on kitchen appliances, and recipe development. When I baked their Strawberry Rhubarb Dump Cake, I expected it to be great and it was! Next up to make is the Lemon Blueberry Dump Cake (which I have tasted) and deem it divine. Nostalgically, this book reminds me of coming home after school to a fresh baked sheet cake in my Mom's kitchen. We'd sit down with a piece of a delicious cake and cold glass of milk. Yes it was made with a cake mix. And, yes it's delicious!

I have this book and I am giving it to several friends, too! The cover alone makes me want to make these easy, delicious cakes. But after I watched Roxanne and Kathy on television and saw how delicious the cakes looked LIVE, I was hooked. As former corporate home economists and authors of best-selling baking books, Roxanne and Kathy know how to create recipes that are colorful, fun, fabulous, and easy for the home baker to achieve.

Cake mixes give me migraines so I was very pleased to find you had recipes I can make from scratch to use instead. Good going.

These recipes are easy and delicious. I'm always going to get together and never know what to bring. This makes it so easy! With a few basics that are easy to keep on hand (cake mixes), several of these recipes can be made with items you might already have. The cakes I've made thus far have

all been super easy and I put them together in 15 minutes or less (including pulling the ingredients out of my cupboards). Sometimes the oven isn't preheated fully by the time I'm ready to put the cake in there. Rave reviews on taste for the cakes at the parties. Recipes are easy to read, laid out well and most have full color photos. You won't be disappointed with this book!!

So love those dump cakes. This book gives you so many to choose from & so easy a child can make them. They make amazing gifts to take to a dinner party, let them think you spent all day baking! Great delivery & would recommend!

I have made two of the recipes so far, have ingredients for a third!. Love the recipes and how easy they are to make. This is my go-to family dinner and pot luck desert book for certain.

Great Book !! Even tells you how to make a yellow cake chocolate cake white cake !! Great fast good tasting cakes for all occasions !!
