Customer Reviews

This book has excellent colored photos of various Red Wing stoneware. I found the book to be quite informative in regards to the history of Red Wing Stoneware, and the various companies that made such stoneware. I found the price ranges to be quite realistic. This book has everything from crocks, jugs, churns, water coolers, snuff jars, and many more. The glossary of terms was helpful too. As a beginner in Red Wing collections, I'm glad I got this book. This book does not have every Red Wing stoneware piece, but they do have many.

Have you ever wanted an easy to use, beautifully photgraphed, and consistantly benificial Red Wing Stoneware reference book? Well look no further. This guide book will help you in sorting out the numerous pieces of Red Wing Stoneware, their markings, and the most current prices.This very informative reference is a primer for the beginning collector and a great research tool for the more advanced collector.
