Salads are the quintessential healthy food, at least they should be. However, how many times has the wholesome nutrition of a beautiful salad been demolished by the addition of an unhealthy salad dressing? The typical dressing that you get off of your grocerâ€™s shelves is disaster to every dieterâ€™s goals. Unfortunately, it is more than just added empty calories. Today, we each have our own health goals and means of attaining them. Some of us aim to be heart healthy, while others choose low sodium, low carb or gluten free. The standard processed dressing is a detriment to all of these dietary lifestyles as they are more often than not laden with unhealthy saturated fats, too much sodium, hidden sugar and secret gluten that negatively affects the unsuspecting consumer. These dietary enemies make our goals more difficult to achieve and steal enjoyment from our plates. Each recipe in this book is labeled as â€˜low carb, gluten free or veganâ€™ and contains nutritional information so you know exactly what goes on your salad. There is a solution to this problem and it resides in your own kitchen in the form of homemade salad dressings that are incredibly simple to make, wholesomely nutritious and will bring new life and vibrancy to your meals. The dressings in this book will suit every taste and an incredible variety of salad types and ingredients. They are specifically tailored to modern dietary lifestyles and easy to modify to your unique needs. Customer Reviews

I'm not able to eat dairy and so yogurt and buttermilk are out of the question. The best of the recipes use these ingredients but I'm going to try the other recipes. Some use ingredients that I have never heard of and don't know where I can find them. I plan to leave those out or substitute something else.
