## Synopsis

A Tablespoon of Love, A Tablespoon of Laughter is a collection of short stories, favorite recipes, psalms, prayers and a dash of humor. Oh dear friends, what is a book without humor! Tablespoon will make you smile, with every turn of the page, and frequently cause you to laugh right out loud. Enjoy our family pictures which will remind you, in the gentlest way, of your own family; or maybe the family you plan to have. This is one woman's journey through many wonderful years with the same sweet man, and the children who grew up and had children of their own; proving that the parents' curse does work and nothing is funnier than watching your children produce children that are just like them! Each of the recipes in Tablespoon is a favorite and, hopefully, will become one of your favorites too. But, like the book says: "This is not really a cookbook, or maybe it's not merely a cookbook. It's a lot about life too. Life really is like a potluck supper. The best part is what others bring to the table." And I always like to bring a Tablespoon of Love and a Tablespoon of Laughter. Bon AppÃ©tit!

## Customer Reviews

Thoroughly enjoyed this. Great collection of memories, thoughts, recipes, etc.

I just loved this book. Of course, being the author of it, it would be a shame if I didn't. Friends and family and even complete strangers are buying it and enjoying it. I highly recommend it!

This is a wonderful book about everyday life.....poems, prayers and stories. It is something everyone should read quietly and slowly

“A Tablespoon of Love, A Tablespoon of Laughter” is a joy to read and contemplate. Deanne Davis has given us a superlative collection of the best of life: Wonderful recipes for kitchen masterpieces, as well as delightful poems, and her bedrock philosophy about Love, Humor, Family, Truth, and Honesty in everyday life. She reminds us to never despair. Rainbows are real, and God is there for us in the next room, if we will open the door. I have read all of her published short stories and musical compositions, and this latest book may be her best yet. Having come from parents who were both talented but conflicted artists and adventurers, Deanne writes from experience, with great depth of understanding and compassion, about the joys and trials of family, and taking pleasure in all of the little moments of revelation from our children. She is an accomplished cook and sommelier as well, so the book is a first rate guide to delicious meals at home. This book will make you laugh and think, and be grateful for the chance to experience each new day.

A Tablespoon of Love, A Tablespoon of Laughter reminds me of those days sitting down with a good friend trading inspirational stories and life lessons. Truly was written with a lot of passion for life and written to remind us that life is about moments and to cherish and learn from those moments. The recipes are all easy and will be added to my go to list of dishes to make. Highly recommend the book to everyone... Anxious for my pickling cucumbers to grow to make the pickle recipe..

Deanne has written a loving, living legacy for her family with all of the trials and tribulations that come with living life and the rewards that follow. I highly recommend this book.
