No, Kitty!: A Quick-Fix A-Z Problem Solver For Your Cat's Bad Behavior

Synopsis

Prevent a catastrophe today! You think your kitty is the cat's meow-- except when she's climbing the drapes, ruining the furniture, eating the plants, or exhibiting any of her bad behaviors. So how do you effectively discipline this sensitive, change-resistant animal without humiliating her, harming her feline psyche, or having her fear you? NO, KITTY!, from author and animal behaviorist Steve Duno, is your ultimate A-Z guide to correcting and preventing troublesome cat behaviors, from aggression to timidity and everything in between. It has:^{*} A comprehensive listing of the fifty most common feline behavioral problems-- and specific modification techniques for fixing each one^{*} Ideas about environmental conditions that may be causing your pet's unwanted behavior^{*} Insight into the feline psyche to understand why your cat is acting out^{*} An indispensable overview of basic feline needs, desires, and instincts^{*} The "Ten Commandments" of cat ownership every cat-lover needs to know^{*} And many more ways to understand your cat, keep her happy and healthy, and keep your own sanity intact.

Customer Reviews

I purchased this shortly after we adopted a kitten. We had had our other girl for 22 years and it had been a very long time since we had to deal with kitten behavior and in training and bonding with a new member of our family. To tell the truth, I got this book from one of the on-line sellers for a song and figured if it wasn't helpful, well, I hadn't paid much. What a great book though. It is written by a animal behaviorist and it covers all manner of behavior of cats. Each behavior gives you an example, why they do it and how to stop/modify the behavior. Many, many behaviors are covered. Chewing, scratching, kneading, jumping, climbing, anti-social behavior, bossy behavior, etc. The

introduction about cats was fascinating and also in reading the book I learned more about some breeds (which ones are more talkative, active or prone to separation anxiety). The author really does fit a wealth of information into a small book that will be a priceless resource for you as a new or new-again pet owner. Take it from me, this book is a definite keeper. One to keep close by and one to delve into to learn more about your furry friend. I would definitely consider this as part of a gift for a friend who has just brought a new cat into their life. The book will be a gift that will be used many times over.

We found the explanation of cat behavior and tips on initial challenges very helpful. When adopting a new cat it is very important to quickly steer your pet away from bad behavior, and this book is great at providing multiple ways to redirect a newly adopted cat from bad behavior.
