My daughter and I are big *The Walking Dead* fans, so when I came across this listing, I had to get it for her for Christmas. She really got a kick out of skimming through it and seeing what type of cookbook it really is. I'm sure she'll be sharing it with her girlfriends...not just the recipes!

This was purchased as a Christmas gift, but I have to confess I read it before wrapping it. I'm a huge fan of *The Walking Dead*, and I found it to be mildly entertaining, with some great recipes thrown in. It will not be the best literature you've ever read, but it will be a lighthearted way to spend about an

hour reading. SPOILER ALERT: Not everything ends well in the Zombie Apocalypse! Let's hope your recipes do!

Very fun to flip through. The recipes aren't complicated so if you're looking for basic recipes with added seasonings/flares this book has a lot of good finger food. And lots of fun stories throughout. Beautiful hard cover filled with high quality color photo pages. I made the jalapeno poppers for a party and they were a big hit!

Easily the most fun to read cook book that I own, and the recipes are good too. Although, I did have to reduce the time on the calzone recipe because they burned the first time that we tried to make them. 15 minutes was too long for our stove, but 10 minutes works just fine.

At first I thought this was going to be just a cookbook with recipes that had zombie related names, but it was sooo much more! This book has a story that follows Daryl from the Walking Dead and another character he met as a child named Pam. It follows both of them around as they go through this post-apocalyptic world and try to keep themselves safe, and most importantly, well fed. Each page has part of the story, and on the next page it has a recipe that relates to the story on the previous page you just read. There are also some good pictures in it, my personal favorite is a woman who looks like Michonne with a pizza flipper instead of her usual katana. The story was great, the recipes look sooo good, and I can't wait to try some of them out. Any fan of zombies or the Walking Dead will LOVE this book! Check it out!

A must for zombie lovers....receipes are the life of any undead themed gathering...makes an entertaining gift as well. MAny of my friends are jealous that I was lucky enough to own the Snacking Dead....If they don't purchase their own copy before their birthdays -I know just what to get them!

Great Book!!!! If you love the show, "The Walking Dead" then you will love this cookbook. The names of the meals are awesome....it's really gruesome BUT really creative. I purchased the book for a gift and they were really excited.

I bought this as a gift for my 17 year old nephew. He loves to cook and he loves The Walking Dead. This is the perfect mix of both. Just reading the back cover had me in stitches! I cannot wait to give

it to him!
